

Critical Skills for Faculty

Online Instruction

- Online Teaching Basics
- Designing Online Courses
- Creating Engaging Lessons Online
- LMS Usage
- Instructional Video Best Practices
- Creating eLearning

Connecting with Students

- Strategies for Online Learners
- Communication Styles
- Classroom Climate & Management
- Social Emotional Learning (SEL) Essentials
- Providing Feedback to Students

Differentiation

- Differentiation Techniques
- Understanding Learning Styles
- Differentiated Instruction
- Multiple Intelligences

Teaching Strategies

- Cooperative Learning Techniques
- Think-Pair-Share
- KWL Strategy
- Questioning Strategies
- Socratic Seminars
- Critical Thinking
- Reciprocal Teaching

Technology in the Classroom

- Tech Integration Strategies
- Mobile Movie Making
- Using Video in Teaching
- Google Classroom

Course Design

- ADDIE Educational Program Design
- Formative Assessments
- Writing Effective Learning Outcomes
- Universal Design for Learning (UDL)
- Assessment of Learning
- Using Rubrics to Improve Assessments

Compliance

- Information Security Best Practices
- Diversity and Inclusion
- Title IX
- Educator Ethics
- FERPA

Accessibility

- Assistive Technologies for Students
- Creating an Accessible Syllabus
- Tech Accessibility Features
- Microsoft Learning Tools
- Special Ed Primer

Data in Education

- Making Sense of Educational Data
- Data Driven Decision Making
- Read and Utilize Instructional Data
- Data Reporting Methods

Supporting Unique Populations

- Best Practices for English Language Learners (ELLs)
- Helping Students with Learning Disabilities Succeed
- Supporting Diverse Learners
- Traumatization of Youth and Adolescents
- Understanding Mental Health Disorders

Additionally, courses on various campus technologies are included to aid training efforts.

LMS:

- Canvas
- Blackboard
- D2L/Brightspace
- Moodle

Software Applications:

- · Microsoft Office
- Office 365
- Google Workspace
- Tableau
- Qualtrics
- SPSS
- Adobe Suite
- Zoom
