

A CTL Event: Assets-Based Pedagogy

Join us in a group discussion about how to incorporate assets-based pedagogy into your courses and build student success. We will first discuss what assets-based pedagogy is, and then brainstorm ways to incorporate those into our classes. This is not a lecture, but rather a group discussion for a chance to collaborate across disciplines.

We look forward to seeing you!

Betsy Smith, Ph.D.

CAHSS Associate Dean

Chair, Political Science Department

Event Details

Tues., Mar. 5th at 2 PM

Location: Zoom Only
